We wish to thank Dr Susan Richter for her care of the patient and her helpful comments related to the clinical details of the case.

LETTER TO THE EDITOR

Tribute to Scott Walker

As a colleague and a past Associate Editor of *CJHP*, I was delighted to read “A Tribute to Scott Walker”, written by two of the Journal’s current Associate Editors.¹

I was privileged to work with Scott for many years, first at Sunnybrook Medical Centre and then, as an Associate Editor, on the Journal. The tribute in the January–February issue praised Scott for his commitment and loyalty to the Journal, and I would echo those sentiments. What truly stood out for me in terms of Scott’s tenure as the *CJHP* Editor was his integrity as the leader of the editorial team. Whenever a difficult issue arose related to manuscripts, advertising, or revenues, Scott always seemed to do the right thing, even in the face of considerable contrary opinion. Regardless of the situation, he always took the “high road” in his dealings with professional colleagues, authors, and agencies. His dedication, commitment, professionalism, and integrity made us proud to be able to work with him on the editorial team.

Yes, indeed, CSHP and its Journal owe much to Scott, and I am pleased to add my voice to his much deserved tribute.
